

## Template for Business Card

The Photoshop file is 3.75x2.25

Put guides 1/8th inch in on all four sides.

The Cyan is the bleed and will be trimmed off the final card.

The White is the edge of your printed card.

The edge of the white area measures 3.5x2.

The Pink area is the *safe area* and measures 5.75x3.75.

Keep all type and critical image inside this *safe area*.
